

Funding Opportunities for Academicare courses

Eligible individuals employed in General Practice within Humber and North Yorkshire may access NHSE funding opportunities, available via the Primary Care Workforce and Training Hub. Academicare courses are included in these opportunities, as well as others.

Details of applicable funding options and eligibility can be found below, as well as a matrix listing which Academicare courses these options apply to. If you are unsure or have any queries, please contact the Humber and North Yorkshire Training Hub on hnyicb.traininghub@nhs.net who will be happy to help advise.

Visit [Humber & North Yorkshire - Training Hub](#) for further details of all funding opportunities.

When booking an Academicare course, if you are eligible for a funded place, please select the 'Funded' option at the checkout, and you will not be charged. As places on each date are limited, each eligible person may book with funding on only one date per course – if you wish to swap dates, please cancel your initial booking before re-booking another date. To avoid funding waste, multiple bookings for the same individual, non-attendance without cancellation, or short notice cancellation (except in exceptional circumstances) will not be funded. Eligibility will be checked for all funded bookings, if it is determined that you have incorrectly claimed eligibility for funding, an invoice for the full course fee will be issued.

> CPD Funding for Nurses, NAs & AHPs

Some courses can be available utilising NHSE CPD funding for eligible individuals (Nurses, NAs and Allied Health Professionals). To be eligible, the person attending must be:

- A Nurse, Nursing Associate, or Allied Health Professional (e.g. Paramedic/Physiotherapist – [full AHP list detailed here](#))
- Employed by a General Practice/ PCN within Humber and North Yorkshire
- Have not chosen to claim an individual CPD funding allowance for 2025/26 instead of accessing funded training
- Have not already exceeded the fair-share limit of two CPD funded courses with Academicare between Sept. 2025 - Sept. 2026 (unless on the New-to-Practice Nursing Foundation Programme)

See below table for details on which courses are included.

Please visit: [CPD Funded Training - Training Hub](#) to learn more.

If you are eligible for a 'CPD funded' place, please select the 'Funded' option at the checkout.

> Local Enhanced Services (LES) Funding

Some courses can be available utilising NHSE Local Enhanced Services (LES) funding. Eligibility is for staff employed by a General Practice/ PCN within Humber and North Yorkshire, that is signed up to the relevant LES Specification (Phlebotomy, ECG or Wound Care).

See below table for details on which courses are included.

Please visit: [Local Enhanced Services \(LES\) Training - Training Hub](#), to learn more.

If you are eligible for a 'LES funded' place, please select the 'Funded' option at the checkout.

> HCA Apprenticeship Bolt-on Funding

Some courses can be available utilising NHSE HCA Apprenticeship Bolt-on Funding. Eligibility is for HCAs undertaking an apprenticeship and employed within general practice across Humber and North Yorkshire.

Please visit: [HCA Apprenticeship Support - Training Hub](#), to learn more.

If you are eligible for a 'HCA Apprenticeship Bolt-on funded' place, please select the 'Funded' option at the checkout.
