

Humber and North Yorkshire Faculty of Advanced Practice Physician Associate Education Fellow

Dear colleague

The Humber and North Yorkshire Faculty of Advanced Practice are pleased to advertise the new role of Education Fellow to work with the current Physician Associate Ambassadors (PAA). The role will involve performing a training needs analysis for Physician Associates within Humber and North Yorkshire and subsequently facilitating continued professional development opportunities and training across the region. This role is aimed at a Physician Associate with at least two years clinical experience. You do not need to have an educational qualification to fill this role although this would be preferable.

You will be supported by the current Physician Associate Ambassadors and will receive administration support through Humber and North Yorkshire Health and Care Partnership.

The post will be for 12 months and will be 7.5hrs per week, for which your employer must agree to release you of your clinical duties. We kindly request you confirm this with your employer before expressing an interest in the post. Your employer will be required to invoice the ICB for salary funding (Band 8a afc) and associated oncosts. This will be paid in one lump sum.

If you are interested in this role, please submit your expression of interest to b.lowson@nhs.net by the Tuesday 7th November 2023. If successful, you may be required to undergo an informal interview.

Declan McHugh, PAA
Billie Lawson, PAA
