

Quality Improvement Project

Jodie Eades, VTS Year 2.

VTS Year 2

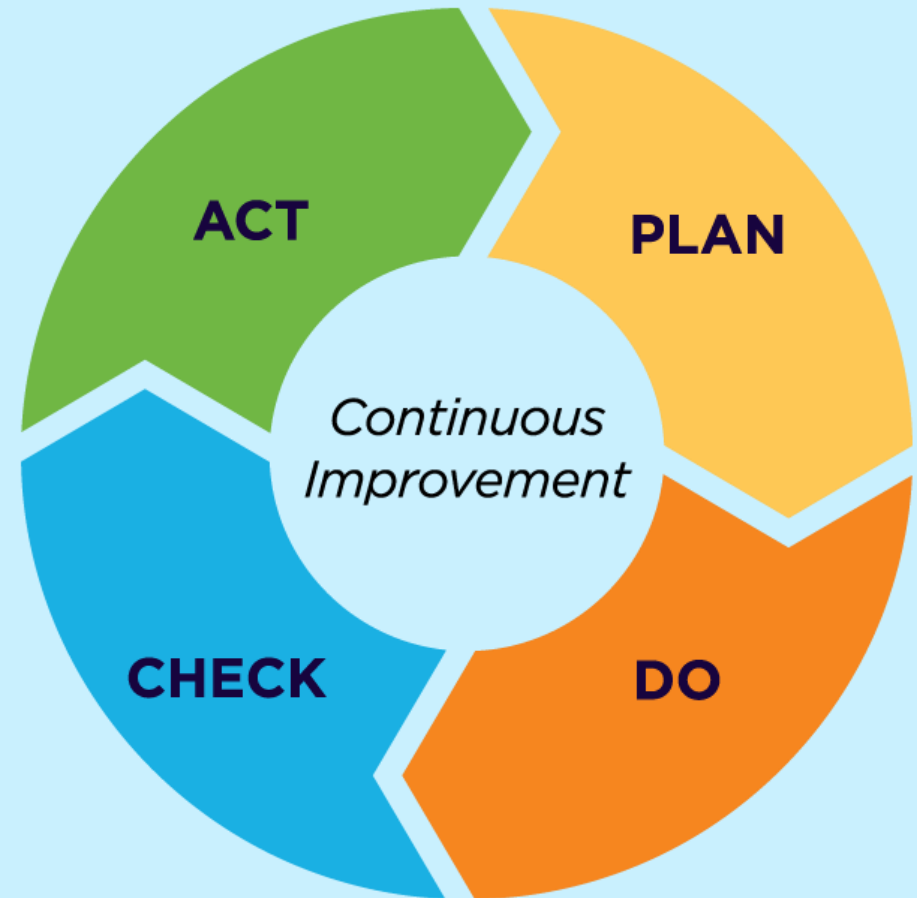

Positives

- Continued support from peers
- Chance to develop current skills & knowledge
- Dedicated time for QI project

Challenges

- Increasing pressure in Primary care
- Finding time to develop idea's.

During VTS Year 2, we were asked to implement a quality improvement project into our Practice's.

WHY CLINICAL SUPERVISION?

Quality Care for Patients

- Supports delivery of high standard ethical, safe and effective care
- Enhances performance

Supporting Reflective Practice

- Supports self-care and wellbeing
- Provides insight into our emotional responses
- Enhances morale and working relationships

Staff Retention

- In a culture where we put the needs of others before our own it takes courage to acknowledge our own needs.
- Participating in clinical supervision is a measure of the value we place on ourselves as individuals.

General Information

Name (optional):

Check the box if you agree or disagree

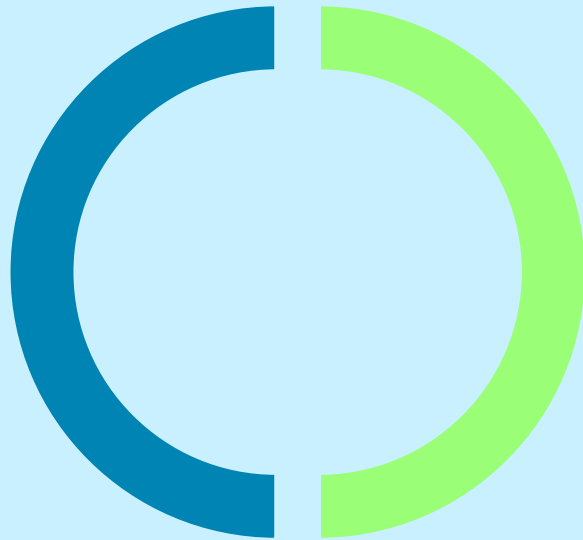

Statement	Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree
<i>Do you feel that you have the opportunity to reflect on your practice with peers currently?</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<i>Do you currently have items / reflections that you would like to discuss with your peers currently?</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<i>Do you feel that clinical supervision will benefit you / your practice?</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<i>Do you feel after</i>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

The benefit of using the questionnaires means that I could assess improvements, collect the data and present the findings to GP's/Partners and Practice Manager.

Going Forward -

With Clinical Supervision:

- Plan to find a way that I could also have CS in Practice.
- Ensure that people bring topics/discussions to every session.

Future Quality Improvements:

- Already began looking for my next project.
- Help other nurses in Practice start their own projects.
