## Introduction to Supervising Trainee Advanced Practitioners Webinar

**Thursday 8<sup>th</sup> February 2024, 12:30 – 14:00 via MS Teams**

The North East & Yorkshire Faculty for Advancing Practice in collaboration with the Midlands Faculty for Advancing Practice are pleased to announce that we will be holding a webinar on supervising trainee advanced practitioners on Thursday 8<sup>th</sup> February, 12:30 - 14:00, via MS Teams.

- Are you a supervisor of trainee advanced practitioners?
- Do you know what resources are available in your role?
- Do you know what is expected of you and your trainee as supervisor and supervisee?
- Do you know why supervising a trainee advanced practitioner can be different?

This webinar will discuss and signpost you to resources for supervising trainee advanced practitioners, introduce the [newly launched capabilities for supervision document](#) and outline the support networks that are available for you in this role. There will also be an opportunity to ask any questions.

## Independent Prescribing of Certain Controlled Drugs by Therapeutic Radiographers and Paramedics, and Supply by Podiatrists

The UK Government has made the regulatory changes to the Misuse of Drugs Regulations 2001 to allow:

- Therapeutic radiographer independent prescribers to independently prescribe tramadol, lorazepam, diazepam, morphine, oxycodone and codeine.
- Paramedic Independent prescribers to independently prescribe lorazepam, diazepam, morphine sulfate, codeine phosphate and midazolam.
- Registered podiatrists to supply co-codamol, co-drydamol and codeine phosphate (this is already permitted by a ministerial written authority, but formal legislation would simplify and reinforce which activities are lawful).
