

Introduction to Educational Supervision

This is a fully funded face to face half day introductory course that will equip attendees with some educational theory, an understanding of educator Knowledge and skills requirement and an introduction to work based assessment (WBA).

This course is intended for clinicians working in primary and community care environments from the wider workforce professions and GPs who wish to explore how to support their staff better. It is aimed at those individuals in General Practice who have recently been asked to supervise staff and/or would like some fundamentals around the below elements of supervision.

The aims of the course are:

- **To appreciate the different forms supervision can take**
- **To understand different adult learning theories**
- **To understand the roles and responsibilities of an educational supervisor**
- **To have a high-level appreciation of different Work Based Assessments**

To book onto the course, you will need to register for an account on Maxcourse
