PRIMARY CARE

WORKFORCE & TRAINING HUB

OUR MISSION

To support the growth and development of a thriving, multidisciplinary primary care workforce, through support, advice and training for those currently working or hoping to work in primary care

What is the current position in GP?

- Shortage of GPs (not 6000 more!)
- 1/3rd nurses over 55
- Financial pressure on recruitment
- April 2024 - 13.6 million consultations delivered on the same day (3.3 million more than in April 2019)
- Rapid expansion of ARRS roles without time for planning or infrastructure
- Supervision challenges
- Burn out and retention
- No time to think and plan
- Financial and capacity pressure on training

**Our
Why:**

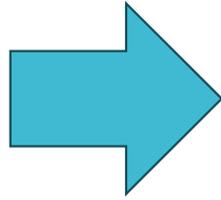

ROADMAP

Our main aim is to support the growth and development of a resilient primary care workforce by training, supporting and advising those currently working, or hoping to work in primary care across South Yorkshire.
