

Summary of Training

Directed pre-course reading (approx 3 hours)

Attend 2 days theoretical training on the NHSCSP including practical elements

Trainee to complete <u>Initial Assessment</u> on e-learning for healthcare (e-lfh)

INITIAL EXTERNAL ASSESSOR VISIT

- Discussion of images following satisfactory completion of the <u>Initial Assessment</u> on e-lfh
- Trainee observes External Assessor taking 2 cervical samples
- Trainee takes 5 cervical samples directly supervised by External Assessor

A visit to a colposcopy clinic

A virtual tour of a cervical screening laboratory

Once results are back from the 5 directly supervised samples, trainee takes 10 indirectly supervised samples

Once results are back from the 10 indirectly supervised samples, trainee arranges MID-POINT EXTERNAL ASSESSOR VISIT to review the results and discuss the reflection

Trainee takes a further 10 indirectly supervised cervical samples

Once the results are back from all 20 indirectly supervised samples, trainee arranges **FINAL EXTERNAL ASSESSOR VISIT** to take a minimum of 3 cervical samples, observed by the External Assessor

External Assessor reports back to the WYPCWTH to request review & submission of the completed e-portfolio
