Supporting Information

Please outline the existing local infrastructure that will support the delivery and sustainability of this project. How does this infrastructure align with local priorities and address identified needs?	(Maximum of 500 characters)

Please outline the therapeutic area(s) or speciality(ies) that may be of greatest benefit to your patient population, with particular reference to local health needs and existing health inequalities. How will your proposed approach help to reduce disparities in access, experience, or outcomes for underserved or marginalised groups?	(Maximum of 500 words)
Please describe your plan to deliver the project, with particular focus on how you will ensure appropriate supervision throughout. Include how you will support the development of future supervisors and outline the mechanisms you will use to monitor progress, manage risk, and maintain quality assurance.	(Maximum 3000 words)
Once the pilot has concluded, how do you plan to apply the insights gained to support the sustainable development and retention of supervisors? Please outline how this will contribute to improved service delivery, including any long-term strategies for embedding learning, enhancing leadership capacity, and addressing workforce challenges.	(Maximum 3000 words)
Please outline the Key Performance Indicators (KPIs) you will use to monitor and assess the impact of this investment. Ensure that each KPI is Specific, Measurable, Achievable, Relevant, and Time-bound (SMART). Describe how these indicators will track progress, inform decision-making, and demonstrate value for money and long-term sustainability	Maximum 5 KPIs

Please list the key milestones you plan to deliver as part of this project. For each milestone, include the expected timescale and, where possible, the anticipated cost. Note that the following milestones are mandatory and must be included: • Evaluation • Benefit/Impact Measurement You may also include additional milestones relevant to your delivery plan, such as stakeholder engagement, service launch, training, or reporting. Please ensure that each milestone is Specific, Measurable, Achievable, Relevant, and Time-bound (SMART).	(Maximum 1000 words)
Please outline how you or your organisation will actively promote Equality Diversity and Inclusion (EDI) throughout the duration of this project or role. Include specific actions, policies, or practices that demonstrate your commitment.	(Maximum 1000 words)
Provide a brief explanation of your approach to achieving value for money, along with an indicative budget or cost structure (if applicable) for delivering the proposed model	(Maximum 1000 words)
Conflict of Interest	
Do you have any personal, financial, or professional relationships that could influence your impartiality in this role or project
