# Multiprofessional Practice Supervisor and Assessor Preparation

This is a fully funded virtual two-day multi-professional course providing the knowledge and skills required to become a practice educator, practice supervisor or a practice assessor.

This course is intended for all clinicians in the Yorkshire and Humber region working in primary and community care environments from the wider workforce including First Contact Practitioners / ACP / GP trainees / NMP / pre and post grad nurses and AHPs.

The aims of the course are:

- To know how to establish and maintain an environment for learning in Primary Care
- To facilitate learning
- To appreciate how to enhance learning via assessment in Primary Care
- To give meaningful feedback and the associated challenges
- To support and monitor educational progress
- To support neurodiversity in the work-place and implement reasonable adjustments
- To support learners in difficulty
- To be able to guide personal and professional development
- To support CPD as a practice educator, practice supervisor or practice assessor

To book onto the course, you will need to register for an account on Maxcourse
